But unfortunately some honest government employees are in that organization, they are independent. He started protesting against corruption without abandoning the entity. They helped me move forward by raising the torch of protest against that corruption. As an ordinary social worker and well-wisher of Calcutta University, I have only tried to give a brief account of all the corruption that has taken place or is taking place from the time of the last Left Front government to the at present (T.M.C. Party) government. If this corruption can be stopped, it will save the Government of India millions of rupees - money that can be used for other development of the people.

First I mentioned some of the allegations or details of corruption that the state and the centre. I applied to various government departments in the hope of redressal. Our organization B.G.S. From the very beginning, Calcutta University has been protesting against these extreme evils with evidence since 2012. On behalf of this organization (B.G.S.), I have been forwarding these evidences to the Hon'ble Chief Minister, Minister of Education, Governor, Prime Minister and the President for investigation in these departments.

To do more in these cases as much as I want help from the administration. At the same time financial aid. And I want these from my well-wishers. Now I need, mean needed my company lots of money and advice to stand up against consecutively of these crimes.. The criminals have a lot of money and manpower. But I have not all of these. Yet with lots of courage, I have come down to save the traditional Calcutta University from corruption. I am also requesting the cooperation and opinion of the alumni of Calcutta University in this work.

Thousand crores of rupees have been embezzled and forged at the ancient traditional University of Calcutta for decades. A couple of samples were given. there are corruption and fraud taking place in the process of recruitment.

Allegation :

(1) As per Circular No. **Est/1384/39A**, Dated: 21.01.2004, And Bengali News Paper : Karmosangsthan, **Date:** 08-02-2004 of Calcutta University, about **200(two hundred) Technical Assistants** are appointed in **Grade-II**. But at that time, the number of vacant posts for that **post was not more than 25(twenty five).** As a result, hundred crores of rupees are being wasted every year. **200-25 = 175** undocumented (non designated) workers were recruited. Since far more people have been recruited than the number of vacancies;

(9) Hon'ble Secretary, Higher Education Department, Government of West Bengal. (10) Hon'ble Secretary, Finance Department, Government of West Bengal.

The matter was by written reported B.G.S. to the Secretary. He also spoke on behalf of the all Government Organization -

Waiting for him Who (great soul) came forward to stop this fraud of crores and crores of rupees.

Thieves' gangs of teachers, gangs of ration thieves, gangs of thieves embezzling biogas and solar subsidies how the majesty has been cheating the government and the children of those thieves, critters are living in society with their heads held high in the sense of earnings earned in the dishonest way of their father. They should at least reveal the real facts to the family members. Otherwise, one day a young friend will expose the thief in front of everyone due to his social responsibility. May be hold your ears and make sit up. No one can know what will happen in the future? It may be that if the people want the money back by demanding government money as public money or people may want to go back to the streets. Even going home, then what will be happend?

You are requested to kindly verify assess the actual work done through an independent Organization. The Officers involved in the racket should be immediately transferred for F.I.R. all Indian law including Scheduled Caste / Scheduled Tribes Act. and an impartial enquiry .

We shall be much obliged to you forever .

Thanking you.

Yours Faithfully.
